DEMYSTIFY DISABILITY ETIQUETTE

Disability Etiquette Workshops help employees become more comfortable interacting with customers, the public, and employees who have disabilities. Host a Disability Etiquette Workshop at your workplace and your employees will learn: **how to create a welcoming environment** for customers, the public, and employees; **how to effectively interact** with people with diverse abilities; **what to say** and appropriate behavior when working with the public or an employee with a disability.

REELWORKPLACE

The city-wide ReelAbilities Film & Arts Festival offers programming for management or employees: companies are invited to host a screening of a disability-related film or speaker-led discussion at your site.

JOB ACCOMMODATIONS

Companies needing assistance with providing reasonable accommodations to employees are able to contact The JFS Alexander Institute for Inclusion's professional staff for suggestions. Accommodation workshops can be tailored to your needs.

The JFS Alexander Institute for Inclusion:

- works to foster a community that **includes** all individuals
- **advocates** for disability services that advance inclusion
- strives to **eliminate stigmas** associated with disabilities
- encourages **community support** and participation to create and sustain new and existing disability services.
